

E-training tool descriptor

Supra-category: IOTC ROS Observer Co-ordinator Training (IOTC ROS OLC)

Category: IOTC ROS data collection and management tools (TR8)

Course: IOTC ROS e-Tools: e-Collection Interface Installation Process (TR 8.02)

Course Description

The IOTC ROS e-Reporting interface is provided to end-users with a basic setup program that will take care of installing all the required components. The setup file will be available for Windows, Mac OSX and Linux platforms and as its only dependency it will require Java 8 (either as JDK or JRE) and an internet connection to be installed on the target machine.

The objective of this course is to familiarize participants to the Observer Coordinator Workshops (OCW) with IOTC ROS e-Collection interface installation process, to enable them to install it in laptops to be used by Observers for data punching.
