This Resolution supersedes Resolution 14/04, which Seychelles has previously reported against. Seychelles's previous submissions remain current.

Seychelles continue to maintain an up-to-date register of all Seychelles flagged vessels authorised to fish in the IOTC Area of Competence, including auxiliary, supply and support vessels.

lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua.

Reporting on IMO numbers:

To allow the necessary time for GPCs to obtain an IMO number for eligible vessels that do not already have one, paragraph 2 b on IMO number is effective as of 1 January 2016. As of this date, GPCs shall ensure that all their fishing vessels that are registered on the IOTC Record of fishing vessels have IMO numbers issued to them. Paragraph 2 b on IMO number does not apply to vessels which are not eligible to receive IMO numbers.

In assessing compliance with the paragraph above, the Commission shall take into account exceptional circumstances in which a vessel owner is not able to obtain an IMO number despite following the appropriate procedures. **Flag GPCs shall report any such exceptional situations to the IOTC Secretariat.**
